

Reinforced Welding Gloves

-  Metalworks
-  Carpentry
-  Welding
-  Maintenance
-  Renovation
-  Workshop

AVAILABLE COLORS

FEATURES & DESCRIPTION

- Fire Resistant
- Split Cowhide leather
- Sturdy non-slip material
- Snug fit
- Double palm reinforcement
- High temperature resistant

TECH SPECS

Size: 14"
 Weight: 9.4 oz
 Material: Grade AB Cow split leather
 Color: Brown
 Style: Reinforced Welding Gloves

PACKAGING

Brand: Safe Handler
 COO: Pakistan
 Series: Heavyduty Series –Industrial Safety
 Type: Header Card/Tag/Carton
 Inner Pack Qty: 1 Pairs/Header, 10 Pairs/Polybag
 Case Pack Qty: 60 Pairs/CTN
 Inner Pack Size: 6.5x1x16 IN
 Carton Size: 18 x 16 x 16 IN
 Carton Weight: 58 lbs
 Pallet: 20

FEATURES & DESCRIPTION

SAFE HANDLER Reinforced Welding Gloves with High Quality Leather for Extra Dexterity, Brown, 13.5" x 6", 1 Pair

DURABLE PROTECTION: Grade AB cow leather is ideal for welding projects as the material is tough and has outstanding heat resistance. There is an abundance of heavy-duty sewing throughout these gloves, especially in areas that wear faster than others. This makes these gloves last longer as well as provide extra protection.

EXTRA DEXTERITY: High quality leather like split cow leather is utilized for an excellent, long-lasting and sturdy function which safeguards you from high temperatures. Extra materials are added for double palm reinforcement, offering more protection against abrasion and erosion. This also keeps your gloves in excellent shape over time.

HEAT RESISTANCE: Ideal for projects that require high temperature resistance and extreme hand protection to keep you comfortable for hours on end. Gloves are long enough to protect both your hands and forearms from high temperatures.

VARIOUS ENVIRONMENTS: Ideal for high temperature welding projects which require heavy duty hand protection. May be used in welding & metal works, maintenance, renovation, carpentry, carpentry and workshop environments.

INNER POLYBAG & OUTER CARTON
