The SAFE HANDLER brand Heavy Duty Nitrile Apron by Bison Life is made to withstand a tough workload, yet is suitable for use at home as well. These heavyweight aprons are made from 17 mil synthetic rubber material that is much stronger and longer lasting than common plastics for added durability and long life. The heavy duty woven neck strap is adjustable for custom fit and the reinforced grommets at the waist offer protection against ripping. These industrial aprons are used for food processing operations, industrial work environments, chemical processing, dishwashing and as a butcher apron.
