

TIG Welding Gloves

- Metalworks
- Carpentry
- Welding
- Maintenance
- Renovation
- Workshop

AVAILABLE COLORS

FEATURES & DESCRIPTION

- Heat Resistance
- 6 in cowhide gauntlet
- Durable sheep leather

TECH SPECS

Size: 14"
 Weight: 5.6 oz
 Material: Sheep leather gloves back split leather cuff
 Color: Gray
 Style: TIG Welding Gloves

PACKAGING

Brand: Safe Handler
 COO: Pakistan
 Series: Heavyduty Series –Industrial Safety
 Type: Header Card/Tag/Carton
 Inner Pack Qty: 1 Pairs/Header, 10 Pairs/Polybag
 Case Pack Qty: 60 Pairs/CTN
 Inner Pack Size: 6.75x1.25x16 IN
 Carton Size: 18 x 16 x 16 IN
 Carton Weight: 26 lb
 Pallet: 20

FEATURES & DESCRIPTION

SAFE HANDLER TIG Welding Gloves with 6" Cowhide Gauntlet, White, 13.57" x 6", 1 Pair

DURABLE PROTECTION: Split sheep leather is ideal for TIG welding projects as the material is tough and has superior heat resistance. There is an abundance of heavy-duty sewing throughout these gloves, especially in areas that wear faster than others. This makes these gloves last longer as well as provide extra protection.

SPLIT LEATHER CUFF: A 6", extra-long cowhide gauntlet is constructed with split leather for a soft, flexible and durable feel. This type of leather is designed a special way for improved quality, function and dexterity.

HEAT RESISTANCE: Ideal for projects that require high temperature resistance and extreme hand protection to keep you comfortable for hours on end. Gloves are long enough to protect both your hands and forearms from high temperature.

VARIOUS ENVIRONMENTS: Ideal for high temperature welding projects which require heavy duty hand protection. May be used in TIG welding, MIG welding, metal works, maintenance, renovation, carpentry, and workshop environments.

INNER PACK & OUTER CARTON
