- Paramedics

## PRODUCT DESCRIPTION

- 120 memories in 2 groups
- WHO blood pressure classification indicator
- High tech measurement
- Date and time display
- Latex free cuff
- LCD display
- Deluxe carry case included
- Low battery detection

Wrist-type Fully Automatic Blood Pressure Monitor is designed with 120 memory storage in two groups with date and time display included. This allows multiple users to save individual test results. The front display is equipped with a WHO blood pressure classification indicator based on established guidelines from the World Health Organization. The chart indicates clear, accurate test results with a high-tech measurement color scale. This Blood Pressure Monitor has an automatic shut off function and low battery detection so you're confident your battery isn't low. The comfortable latex-free cuff is soft and easy to adjust with hook and loop closure for a perfectly snug fit. Deluxe carry case included to protect your blood pressure monitor when on the go. 2 AAA batteries included.

AVAILABLE COLORS
