Minoru Medical Education Society cordially invites **all physicians to this accredited** webinar:

Recognize, React, Reduce

Stroke Prevention and Practical Considerations for Patients with AF and Diabetes

Learning Objectives:

1. Comprehend the link between AF, diabetes (with or without renal impairment) and recognize the increased risk of stroke among these patients
2. Evaluate management strategies to reduce the risk of stroke in patients with AF and diabetes based on current guidelines and recommendations
3. Assess clinical data regarding the safety and efficacy of NOACs for the prevention of stroke in patients with AF and diabetes and considerations for patients with renal impairment

Speaker: Dr. Krishnan Ramanathan MD, ChB, FRACP, FRCPC
Clinical Professor, UBC Division of Cardiology

Produced by: Minoru Medical Education Society

Facilitated by: Dr. Michael M. Myckatyn

Date: Thursday evening, October 14, 2021

Time: Reception at 7:45 / Webinar begins at 8:00 pm
