What is the best way to reach you?

Year of High School graduation or GED Certificate: Name of High School

Location of High School:

We are seeking passionate people who need assistance to pursue training in their chosen career. The training program could be in agriculture, beauty services, automobile repair, technology, massage or any other “non-traditional” field of study. The Rotary Club of Lahaina Sunrise reserves the right to approve the training program.

We have two \$2,500 scholarships available in 2017. Any money not used directly for training may be used for supplies or tools with approval from RCLS. Funds will be paid directly to the training center.

Please answer the following questions. Use as much space as you need. This can be handwritten or typed on a computer.

What is your chosen field of study?

Why did you choose this field and why do you have a **burning passion** to pursue it? (This is the most important question on this application. Please use as much space as you need to answer this fully)

Describe your past or present experience in this trade or profession, if any.

What is your long term goal in this field of study?

How will this training help you pursue your goal? Will you need additional training, equipment, land or other tools after completing this program?

If you are not awarded this scholarship, do you still intend to pursue your goal? If so, how?

Why are you the best candidate for this scholarship?

Please add any other comments you think may be helpful.

Applications must be postmarked by March 15, 2017 and sent to address below OR scanned and emailed to thefarm@hawaii.rr.com to arrive no later than midnight March 15.

Please mail to : RCLS Scholarship
P.O. Box 913
Lahaina, HI 96767

Interviews will be given to all qualifying applicants.

Questions? Please contact Theo Morrison via email at thefarm@hawaii.rr.com
