

# The Instagram Traffic Takeover Workshop

## Day 4 Resources

1. Pay Influencers To Post You - <https://sproutsocial.com/insights/influencer-marketing>
2. Splice - App I use to create videos for social media - <https://apps.apple.com/us/app/splice-video-editor-maker/id409838725>

**Note:** This is only for iPhone/iPad users, but there are so many of these apps out there for all operating systems. I recommend doing a search, reading the reviews, and pick one that you think will be best for you.
