#### Easy Harmony GXU touch screen panels: an optimum investment for communication with simple machines

7" Wide and 10" Wide Easy Harmony GXU touch screen panels

#### A user-oriented range of products

The Easy Harmony GXU range of touch screen panels is designed to provide just the right level of performance for communication with simple machines: non-critical functions have been reduced so as to offer easy-to-use products with the correct level of quality at an affordable cost.

#### Fit for purpose

- The panels feature the usual key-core characteristics (TFT color screens, USB connection, Ethernet port, etc.)
- Easy Harmony GXU panels have a compact design: the panels are no more than 38 mm/1.5 in. thick.
- These panels have a reserved space for the communication cable wiring.

#### Easy throughout the whole life cycle

- Easy to install using anti-drop hooks and screw fixings for one-handed installation
- Easy to set up and use with a simplified and intuitive programming software (Vijeo Designer Basic) and an illustrated online help for self-guided training
- Easy to connect to our range of Easy Modicon M100/M200 logic controllers
- Easy to connect thanks to an embedded USB stick (no accessory needed)
- Easy to maintain with a replaceable battery for RTC (1) and a self-diagnosis tool

#### Robustness

- Able to adapt to non-standard wiring environments thanks to an embedded isolated power supply and enhanced integrated circuit protection for the serial port
- Robust design for harsh environments:
  - a small vent hole prevents ingress of resist to splashing water and conductive dust
  - PCBA coating helps withstand high humidity and polluted environments.

#### Widely available everywhere

- Fast delivery through a large distribution network
- Fast access to information and support through Partner Relationship Management tool and dedicated network of engineers

(1) Battery for RTC (Real Time Clock): only for Harmony GXU universal touch screen panels.

7" Wide and 10" Wide Easy Harmony GXU touch screen panels

### Presentation and applications

The range of Easy Harmony GXU touch screen panels has been designed for manufacturers of simple machines and is dedicated to the following fields and types of machine:

- Textile
- blowing and carding machines
- winding and twisting machines
- dyeing and finishing machines
- etc.
- Packaging
- vertical and horizontal packing
- filling machine
- labelling machine
- etc.
- HVAC & pumping
- air compressor
- water pumping
- etc.
- Miscellaneous activity sectors
- machine tools (grinder, saw, etc.)
- plastic and rubber (extruding machine, etc.)
- printing (stamping and folding machines, etc.)
- construction machines
- etc.

This range of panels consists of 4 models with 2 sizes of color TFT screen:

- 7" Wide (HMIGXU3500 and HMIGXU3512)
- 10" Wide (HMIGXU5500 and HMIGXU5512)

### Operation

Easy Harmony GXU touch screen panels are designed to fit for the essential needs of information and communication technologies, which, depending on the model, include:

- Essential level of communication (Serial multilink, USB downloading port)
- High level of communication (Embedded Ethernet, multilink) (1)
- External data storage (on a USB memory stick) for storing production data and backing up applications (1)
- Management of peripheral equipment: printers, barcode readers, etc. (1)

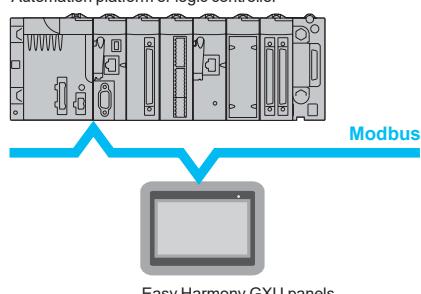

These panels offer an excellent level of technical performance and are designed for use mainly by OEM customers.

### Configuration

Easy Harmony GXU touch screen panels are configured using Vijeo Designer. Basic software in Windows XP Professional, Windows 7 (Service Pack 3) and Windows 8.1 (32-bit and 64-bit) environments. This simplified configuration software boasts an intuitive user interface with many configurable windows, enabling projects to be developed quickly and easily.

### Communication

Automation platform or logic controller

Easy Harmony GXU touch screen panels communicate with our Easy Modicon M100/200 PLCs via one or two integrated serial links, using communication protocols:

- Schneider Electric (Modbus)
- Third-party: Mitsubishi Electric, Omron, and Siemens

(1) Except HMIGXU3500 and HMIGXU5500.

#### Functions

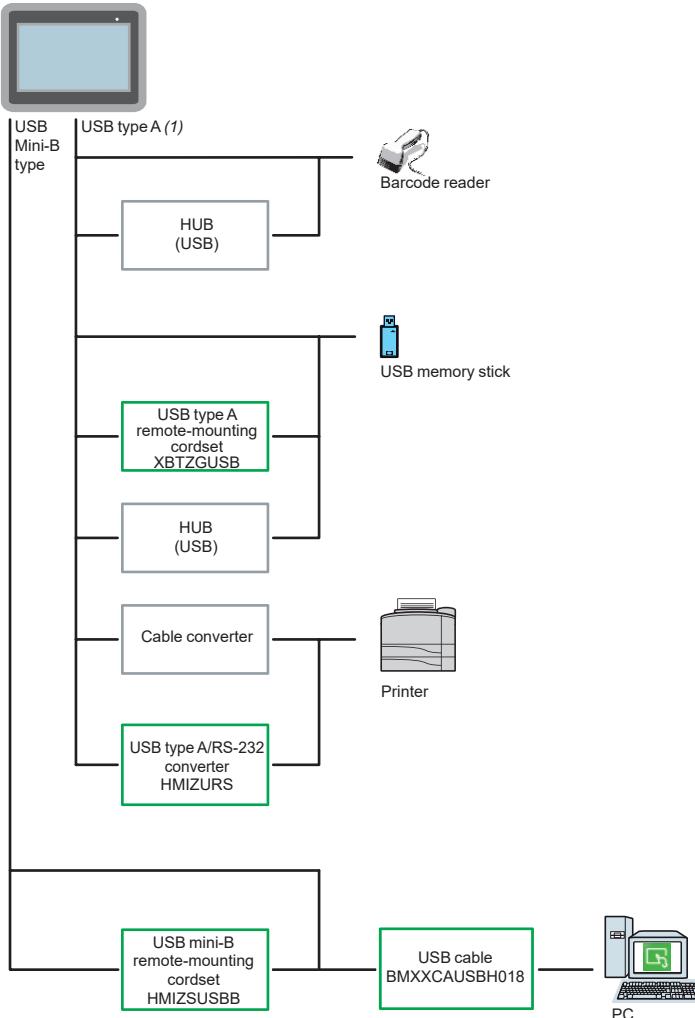

Easy Harmony GXU touch screen panels offer the following functions:

- Display of animated mimics with 8 types of animation (pressing the touch panel, color changes, filling, movement, rotation, size, visibility and value display)
- Control, modification of numeric and alphanumeric values
- Display of date and time
- Real-time curves and trend curves with log
- Alarm display, alarm log and management of alarm groups
- Multi-window management
- Page calls initiated by the operator
- Multilingual application management (10 languages simultaneously)
- Recipe management
- Data processing via JavaScript
- Application and logs stored on external application memory card in USB stick format (1)
- Management of printer and barcode reader

#### Operating modes for Harmony GXU touch screen panels

##### Edit mode

Easy Harmony GXU panel

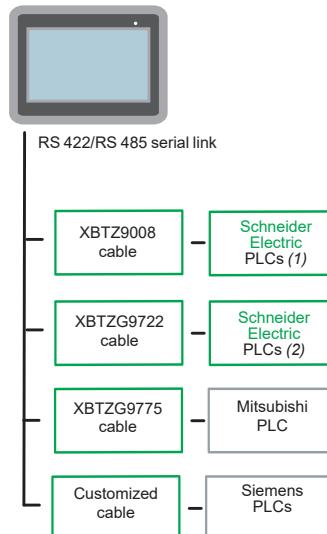

(1) Except HMIGXU3500 and HMIGXU5500.

### Operating modes for Harmony GXU touch screen panels (continued)

#### Communication with RS-422/RS-485 serial link mode

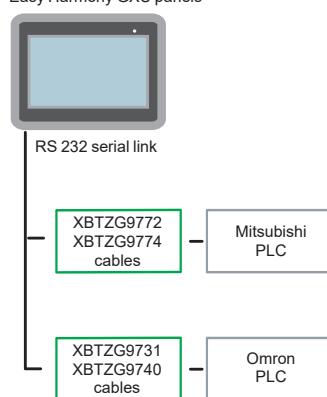

Easy Harmony GXU panels

Examples of connection to RS-422/RS-485 serial port (3)

#### Communication with RS-232C serial link mode

Easy Harmony GXU panels

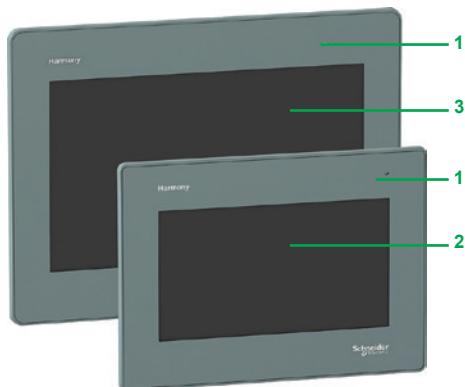

Examples of connection to RS-232C (3)

(1) M221/M241/M251/M218/M258 logic controllers.

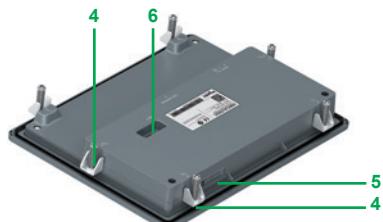

(2) M100/M200 logic controllers. For all other products, consult your Customer Care Centre.

(3) Non-exhaustive examples; consult your Customer Care Centre for more information.

HMIGXU5500 (common front view)

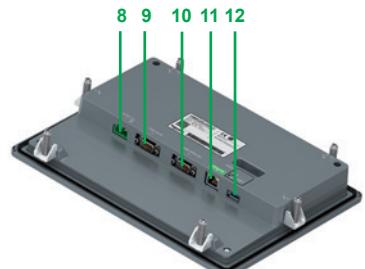

Easy Harmony GXU basic panels (rear view)

Easy Harmony GXU basic panels (bottom view)

Easy Harmony GXU universal panels (rear view)

Easy Harmony GXU universal panels (view of underside)

#### Easy Harmony GXU basic touch screen panels

The basic touch screen panels offer the following features:

##### On the front panel

- 1 An LED on/off indicator
- 2 A 7" Wide color touch screen for HMIGXU3500
- 3 A 10" Wide color touch screen for HMIGXU5500

##### On the rear panel

- 4 Screw fixings supplied with the panels:
  - 4 fixing points for HMIGXU3500
  - 6 fixing points for HMIGXU5500
- 5 A slide-open compartment containing a replaceable battery to power the embedded real-time clock (1)
- 6 A USB mini-B port

##### On the underside

- 7 A 24 V --- power supply connector supplied with the panels
- 8 A 9-way male SUB-D connector for RS - 422/RS - 485 serial link (COM1 port)

#### Easy Harmony GXU universal touch screen panels

The universal touch screen panels offer the following features:

##### On the front panel

- 1 An LED on/off indicator
- 2 A 7" Wide color touch screen for HMIGXU3512
- 3 A 10" Wide color touch screen for HMIGXU5512

##### On the rear panel

- 4 Screw fixings supplied with the panels:
  - 4 fixing points for HMIGXU3512
  - 6 fixing points for HMIGXU5512
- 5 A slide-open compartment containing a replaceable battery to power the embedded real-time clock (1)
- 6 A USB mini-B port
- 7 A USB type A stick

##### On the underside

- 8 A 24 V --- power supply connector supplied with the panels
- 9 A 9-way male SUB-D connector for RS - 232C serial link (COM1 port)
- 10 A 9-way male SUB-D connector for RS - 422/RS - 485 serial link (COM2 port)
- 11 An Ethernet port, 10/100 Base-Tx type
- 12 A USB type A port

(1) Replace battery only with identical type: BR2032. Replacement with another type of battery may cause a fire or explosion.
